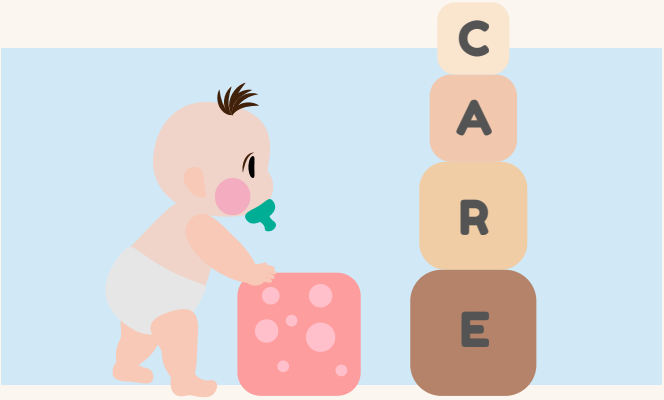
NEW PARENTS
RESEARCH VOLUNTEERS NEEDED

The CARE Study: Helping us to better understand eczema in babies

WHAT'S IT ABOUT?

We are studying how immune signals in the skin differ between babies with eczema and babies with healthy skin



WHO CAN TAKE PART?

- Babies with healthy skin and babies with eczema
- Aged up to 6 months old

WHAT'S INVOLVED?

- 1x 1.5 hour visit to St Thomas' Hospital
- Gentle, non-invasive tests including skin swabs, tape strips, skin barrier measurement and skin fluid collection

WHY TAKE PART?

- Have your baby seen by a doctor working in dermatology
- Help us to learn more about eczema in babies
- Understand more about your baby's skin microbiome
